

Issue Date: Jan 2011

MATERIAL SAFETY DATA SHEET

1. Product Identification

Product Name: Paintballs

Description: Soft gelatin capsules containing colored liquid

Manufacturer's Name: KEE Action Sports
11399 47th Street North
Clearwater, Florida 33762

Emergency Telephone Number: 1800-724-6822

2. Hazardous Ingredients

Hazardous Components: None

Materials contained in this product are classified as non-hazardous according to the definitions set forth in 29 CFR 1910.1200

3. Physical Data

Appearance: Spherical solid capsule containing colored liquid

Odor: Characteristic

Vapor Pressure: Low

Vapor Density: Not Determined

Boiling Point: Decomposes before boiling

Solubility in Water: Appreciable

Specific Gravity of Liquid: 1.12 – 1.15 @ 25/25° C

4. Fire and Explosion Hazards

Flash Point: > 232° C (450° F) PMCC

Autoignition Temperature: Not Determined

Flammability Limits: LEL: Not Determined

UEL: Not Determined

Extinguishing Media: Dry chemical, foam, or CO₂

Hazardous Combustion Products: Under fire conditions polymers decompose. The smoke may contain polymer fragments of varying compositions in addition to unidentified toxic and/or irritating compounds. Hazardous combustion products may include and are not limited to: carbon dioxide, carbon monoxide or nitrogen oxides.

Unusual Fire and Explosion Hazards: None known

5. Reactivity Hazards

Chemical Stability: Stable

Incompatibility: Avoid contact with strong acids and oxidizing materials.

Hazardous decomposition products: May include and are not limited to: aldehydes, ketones, organic acids, and polymer fragments.

Hazardous polymerization: Will not occur

Product is stable under normal use and storage conditions.

6. Health Hazards

Eye: May cause slight transient (temporary) eye irritation. Corneal injury is unlikely.

Skin: Prolonged or repeated exposure not likely to cause significant skin irritation. May cause more severe response if skin is abraded. A single prolonged exposure is not likely to result in material being absorbed through skin in harmful amounts. No allergic skin reactions are known to have occurred.

Ingestion: Single dose oral toxicity is considered to be extremely low. No Hazards anticipated from swallowing small amounts incidental to normal handling operations.

Inhalation: Not hazardous

Carcinogenic: NTP: no, IRAC: no, OSHA: no

Chronic Effects: None known

7. Spill Procedures

<u>Hazard Ratings:</u>	<u>NFPA</u>
Health	0
Flammability	0
Reactivity	0

Protective equipment: Safety glasses

Spills: Solids and liquids may be swept or scooped up and placed in plastic or metal containers for disposal. Dispose of materials according to applicable federal, state and local regulations. Non-hazardous waste under RCRA regulations.

8. Handling and Special Precautions

Handling and storage: Product should be kept in original containers or other suitable containers and protected from excessive exposure to air, heat, and light.

9. Stability

Capsules are stable for a minimum of 12 months in closed and original Packaging

10. Disposal Considerations

In accordance with local/state and national guidelines

11. Fire fighting Measures

Flammability properties: Product is difficult to ignite unless directly introduced to a source of flame

Extinguish Media: CO₂, dry chemical, foam and water

12 First Aid Measures

Flush effected skin and eyes with plenty of water.

Seek medical attention in case of ingestion, do not induce vomiting.

13. Transportation

Hazard Classification: Not applicable
Transportation Classification: Not applicable
Transportation Code: Not applicable

14. Ecological Information

ECOTOXICITY: No information available

15. Regulatory

SARA 313 Title III: Not regulated
TSCA: All ingredients are listed on the TSCA inventory.
DOT: Not Hazardous
OSHA: Not Hazardous
WHMIS Classification (Canada): Not a “Controlled Product”

16. Other

Colorants used in the manufacturing of this product includes less than .05% of FD+C which could include FD+C blue #1, FD+C yellow 5/6/10 other FD+C colorants
